News Notes of Street and Town Too Brief for Headings

Herbert Peck of this city is very ill with pneumonia.

Less than 1400 voters have registered in this city to date.

The corrals are full of sheep and cattle awaiting shipment.

There is a great scarcity of cars for stock shippers at present.

Thirty-eight carloads of sheep and cattle were shipped west yesterday.

There are twenty-five prisoners in the county jail, the smallest number in many months.

The Southern Pacific Company has begun running trains on its new grade around Hated hill.

Armand Inda, a citizen of France, declared his intentions of becoming a United States citizen.

J. T. Boyd, for a number of years district attorney of Lassen county, will open a law office in this city.

The St. Margaret Society will meet with Mrs. Gertrude Morrill, at 411 Nevada street, Friday afternoon.

A meeting of the City Board of Education will be held this morning in the office of President Frank D. King.

The Woman's Guild of Trinity Church intend giving a pastry sale Thanksgiving week. The place of sale to be announced later.

Mrs. Henry Argens left last night for San Francisco, where she will visit her sister, Mrs. J. B. Merle, for the next month or six weeks.

Mrs. Sadie Neep, from Omaha, who has been visiting friends here for two weeks, left for Santa Rosa, Cal., last evening.

Nevada Boy Goes to Annapolis

James P. Olding came down from Carson last evening and will continue on to Annapolis, in which institution he has received the appointment of cadet. A brilliant future is prophesied for Mr. Olding. His mental capabilities certainly fit him for the position and physically he is practically perfect.

At the Academic field day he showed the best form of any of the contestants and tied the University record for the broad jump. Mr. Olding entered the University this term as Freshman and already made great progress in his classes. The University loses a student that would do it great credit, but the United States navy gains a splendid embryo officer.

Heavy Local Demand

The Nevada Meat Company is transacting a business largely in excess of what the members of the company anticipated. Not only is a night shift employed but work is being carried on Sunday the same as week days. It was planned to make heavy shipments to eastern markets, but the local demand equals the output of the establishment. The company has accumulated large flocks and herds of sheep and cattle on the Truckee Meadows, where they will be fed during the winter and slaughtered as needed.

Well Know Mining Man

William Ralston, of Melones, Cal., spent yesterday in Reno. Mr. Ralston is candidate for State Senator from his district. He has just returned from a tour of Alpine and Mono counties, where he has mining property. Mr. Ralston is president of the Melones Gold Mining Company. His father was the builder of the Palace hotel in San Francisco.

New Brick Building

R. Nelson, the groceryman on North Virginia street, is pulling down his barns in order to build greater. He has the cellar excavated and the foundation laid for a two-story brick building with a frontage of 50 and a depth of 80 feet. Contractor Andrew Patterson is erecting the structure.

Has been Converted

E. A. P. Johnson of Tuscarora, who is spending a few days in this city, attended the Iroquois Club meeting last evening and delivered an eloquent address on the political issues of the day. Mr. Johnson was a life long Republican, but recently became convicted of the errors of his way and is now a member of the party of the people.

PUBLIC MEETING

There will be a Democratic-Silver rally at Glendale this evening. Hon. Francis G. Newlands and Hon. H. F. Bartine will address the meeting. A social dance will also be a feature of the evening.

Campaigners Return From the South

Yesterday the members of the Fusion ticket, who have been campaigning in the Southern counties, arrived in Carson. The Appeal says they were all worn out from the trip, but report the time of their lives. The party consisted of General Kelley, Secretary of State Howell, Treasurer Ryan, State Printer Maute and Attorney-General Sweeney. They took in Lyon, Esmeralda and Nye counties. They say the outlook for Fusion victory is splendid.

Tonopah, with a population of 2500, will cast at least 70 per cent of its votes for the Democratic-Silver ticket.

All of the visiting candidates will be in Reno Saturday night, where a rousing meeting is to be held. They will probably have more to say on the subject of Fusion, Silver and Nevada when they get here.

Provided the Feast

In the writup of the festivities by the Reno Aerie of Eagles night before last The Journal inadvertently omitted the name of Chef Tietjen, who provided the banquet. Mr. Tietjen certainly furnished a handsome feed for the boys.

Coroner's Inquest

Coroner Peers held an inquest yesterday over the body of a man found dead near the S. P. track, several miles east of Reno. The jury brought in a verdict of death from natural causes.

Everybody Invited

Let everybody attend the Democratic-Silver meeting at the opera house tomorrow evening. The issues of the day will be discussed by prominent speakers.

Dancing School

Miss Florence Hastings, who will open a dancing school in Kindergarten hall, has arrived and will be pleased to meet parents of prospective pupils this afternoon at 2:30 to arrange for the Saturday afternoon class.

May Speak in Nevada

William Jennings Bryan has been invited to address a number of gatherings in Utah during the campaign. If he accepts he will doubtless come to Nevada and make several speeches here.

What he Wanted

He was looking for the Reno Clean Towel Supply office. It is at 215 Sierra street. Call up Red 496 if you would like us to call.

Virgin in Town

W. T. Virgin, the wisest politician of Douglas county, was an arrival from Genoa last evening, and will spend a day or two in Reno sizing up the political situation with a monocle.

Chamber of Commerce to be Organized

The Committee on Promotion and Publicity and Permanent Exhibit has been thoroughly canvassing the town for the past two days for the purpose of interesting business men, property owners and progressive citizens in the Chamber of Commerce proposition. This committee consists of ten influential and public spirited men who have met with great success in their undertaking.

A public meeting will be held this evening in Wheelmen's Hall for the purpose of organizing this body. A large attendance is anticipated and an interesting meeting is looked for. Remember that this is to be a State Chamber of Commerce, and not simply a local affair, therefore the stranger within the gates is doubly welcome to attend.

Grand Ball Given by Workmen Lodge

Nevada Lodge, No. 5, A. O. U. W., gave a grand ball last evening in Wheelmen's hall. The floor was in superb condition and excellent music was furnished by Mrs. Sauer's orchestra. About eighty-five couples were present and danced until those wee small hours the poets and back woods correspondents delight to write about.

Frank Folsom was the floor manager, and the floor directors were H. Upson, W. E. Coppersmith and H. Kelly.

Nevada Lodge has a membership of 110, while 50 ladies belong to the Degree of Honor.

ADDITIONAL PERSONALS

Carl Walstab, a hotel man of Wadsworth, had business yesterday in this city.

Humboldt Gates of Tonopah and the Klondike came down from Carson last evening.

Miss Brownlee of San Jose is visiting her brother, Manager Brownlee, of the local Sunset office.

H. P. Remington has returned from a visit to the Comstock in the interest of the Voters' Guide.

Warren Noteware, one of Humboldt county's most progressive citizens, is an arrival from Lovelock.

Mr. and Mrs. Charles M. Lake have returned from a visit to Susanville, Alturas and Lakeview, Oregon.

H. H. Hamlin, optician, returned from a professional trip to Churchill on yesterday morning's flier.

Mr. and Mrs. Fassett of Los Angeles are visiting Mrs. Fassett's mother, Mrs. C. T. Bender, of this city.

School Report

Following is the report of the North Truckee school:

Number of pupils enrolled, 35; Honor roll. Russell Henry, Grace Henry, Mabel Hazlett, Bell Van Meter, Rosa Grose, Hazel Van Meter, Eddie Hazlett, Ray Frazer, Iso Hazlett, Louis Blanchina, Lizze Grose, Johnny Dixon, Joe Van Meter, Gladys Frazer, Willie Van Meter.

FRANCIS WRIGHT, Teacher.

Home from the Capital

Supreme Judge Julian is in Reno, called by the serious illness of his wife. He will return to Carson in time to hear the cases that will be brought before the Supreme Court Monday. Judge Julian is filling his honorable office in a manner reflecting great credit upon him.

New Instruments Ordered

The Wheelmen's band has sent for new instruments. They are of the Bessom model, the standard make of the world. The horns will all be triple silver plated. Under the leadership of Prof. Hastings the Wheelmen's band is becoming very proficient.

Visit to Mexico

Senator Jackson, who has been up from San Francisco for the past several days, left last night for Mexico, where he will expert a mining property.

Messrs. Ayers & Lent have ordered a thousand dollars worth of raw material and will be prepared to fill all orders in the harness and saddlery line.

Cold Water Thrown by the Gazette

In last evening's Gazette appears an anonymous article specially intended to defeat the wishes of the progressive people of Reno to form a Chamber of Commerce. This unsigned communication states that the proposed organization is backed by The Journal and Mr. Prentice of the railroad company. So far, so good.

The Journal is certainly unqualified in its support of an organization of this sort which will result in the material benefit of the town and State. It has for years advocated a Chamber of Commerce or Board of Trade.

Mr. Prentice has been very active in his support of this organization and has indeed been a prime mover in it. He was backed in this by the Southern Pacific Company, which is endeavoring to upbuild Nevada, develop its resources, increase its population, and thereby add to the earnings of the road.

The Gazette article should not be taken seriously. Every reasoning man in the State knows that progress is now the watchword of Nevada, and that unprogressive people and papers are a detriment to the State.

The Gazette doubtless took the means aforesaid for perpetrating a joke, otherwise that paper would deserve to be classed with the slurlian and mossback faction that has now no place in New Nevada.

A Home Industry

The structural iron for practically all of the many business buildings erected in Reno this season was cast by the Nevada Foundry and Machine Works. This establishment does most excellent work and at prices with which foreign foundries cannot compete. The Renosites who are erecting new buildings are certainly patronizing home industry. Very few supplies are being shipped in and then only those with which home manufacturers cannot come into competition.

If you continually have pain in the back, loins, sides or lower part of the bowels your kidneys are diseased. Just how bad depends on how long you have had these pains and how much you have neglected them. There is no class of complaints which cause so much misery as those due to diseased kidneys, including backache, lumbago, sciatica, diabetes, Bright's disease, inflammation of the bladder, gravel and womb disorders and uterine troubles in women.

KICKAPOO SAGWA RESTORES DISEASED KIDNEYS

It's a sure and speedy cure for all disorders of the kidneys. It cleanses and enriches the blood, restores the decay, stimulates and enlivens the vital organs and restores energy, strength and the vigor of health to the entire system. Read this man's convincing story:

"My wife was bedridden with Kidney troubles and two doctors gave her up. I got her to take Kickapoo Indian Sagwa and it relieved her at once. By the time she had taken it two months she was entirely cured and I thank God she is in excellent health today. If anyone doubts the above write to me at Ridgeway, Mo. and I will gladly answer all questions and make an affidavit, if it is desired, as I want to help anyone afflicted as my wife was."—Lemuel Franz.

What Independent Says of Mr. Bray

Prof. John E. Bray followed with an interesting talk on educational matters. He said in part that the office of State Superintendent of Public Instruction was not a political office and that the schools of the State should be above politics. If elected to the office of State Superintendent, he would devote his time and energies to developing and building up the public schools. He read the duties of the State Superintendent from the Statutes and said he would faithfully endeavor to perform them. He spoke of his associates on the ticket and commended each one to the support of the people. As to himself he had nothing personal to say except that if elected he would do his duty and would devote his energies to developing and building up all the schools of the State.

Mr. Bray's talk was in strong contrast to that of his opponent when here last week. Mr. Ring enumerated some of the duties of the office and said he would not promise to perform them, but would do the best he could. Mr. Bray read the duties of the office as laid down in the Statutes and unhesitatingly promised to perform each and all to the best of his ability. If the people want a man at the head of the public school system of the State who will perform all the duties of his office, they should vote for John Edwards Bray for State Superintendent of Schools.

Cullings From the Commoner

A large number of Republican organs that encouraged a parade in a rough rider suit as an effective and legitimate form of campaigning are quite sure that Tom Johnson's circus campaign is undignified.

The potato-raisers are justly indignant. A few months ago potatoes were worth a dollar a bushel, but they fell to 40 cents as the new crop came in and all under a Republican administration.

Congressman Cousins called the tariff plank of the Iowa Republican platform a "dirty, lousy lie," but up to late Mr. Cousins has not decided to move his suspicions by doing as Mr. Henderson has done.

Herrmann, the Great Returning to Reno

At the Opera House Wednesday night, October 8th, Herrmann, the Great, will entertain in a program replete with new magical phenomena. Herrmann is a very decide favorite with local theatre-goers and his annual visits are welcome as much for his personal popularity as for the artistic excellence of his entertainment. As an exponent of pure legerdemain Herrmann has no equal, his dexterity is simply marvelous. Among the many new illusions prominent on the program this season may be mentioned "Princess Mahomeda," which Prof. Herrmann secured in Paris the present summer and which is claimed to be the most inexplicable mystic ever presented to an American public. A young lady is hypnotized by Herrmann and slowly rises into space. When at the height of 5 or 6 feet from the stage the professor passes a hoop over her several times showing conclusively there are no wires or other support and then slowly descends her to the stage again.

Lady Minstrels Will Entertain Renoites

All of the essential details with brilliant opportunities, the "Lady Minstrels" in connection with the Eagle Operatic Band, will win favor, for the simple reason the Ladies of Reno will be on hand with the goods introducing catchy musical numbers, at the same time affording much funmaking. The groups of comely girls to add to the success of the skit. In the old there will be many good things, and the general public will be amply repaid by attending the performance given by the "Ladies Minstrels of Reno."

NOTICE TO STOCKHOLDERS

The stockholders of the Burson Oil and Mining Company are hereby notified that the annual meeting of the stockholders for the purpose of electing officers will be held in Reno, Nev., in the offices of the company in the Martin building, on the 16th day of October, 1902.

NEED MORE HELP.

Often the over-taxed organs of digestion cry out for help by Dyspepsia's pains, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at S. J. Hodgkinson's.

SAVES A WOMAN'S LIFE.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe liver trouble and obstinate cough. Often, she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for consumption and was completely cured." Sufferers from coughs, colds, throat and lung trouble need this grand remedy, for it never disappoints. Cure is guaranteed by S. J. Hodgkinson. Price 50c and \$1.00. Trial bottles free.

NO SUBSTITUTE OFFERED.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy when the best remedy for diarrhoea is asked for, and do so because they know it is the one remedy that can always be depended upon, even in the most severe and dangerous cases. It is for sale by S. J. Hodgkinson.

THE PROPER TREATMENT FOR A SPRAINED ANKLE.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. For sale by S. J. Hodgkinson.

Bright's Disease

Is Positively Curable.

Interview with the pioneer manufacturer, N. W. Spaulding, president of the Spaulding Saw Company, San Francisco.

—We are told a member of your family was cured of a case that the doctors pronounced Bright's Disease, although it is believed to be incurable?

—That is correct.

—Don't you think the facts ought to be known?

—Yes. If it will help anyone else you may say that a cure was effected.

—You say a physician had diagnosed the disease as Bright's Disease?

—Yes. He told us the condition was Bright's Disease, when my brother who had been helped by the Fulton Compound, told us of it.

—How long before a change was noted?

—In a few weeks the improvement was noted. The sleep was better and I was able to return to health although it was a year before we considered the cure full and permanent.

—How of any other cases?

—A number of them. I'm sure I told scores about it.

—Were there any failures?

—I know of none where it was taken in season.

—Can you recall any daily dual cures?

—Several. I told an English acquaintance about it. He began to mend and ultimately recovered and took a supply of the Compound with him on his return to England. I consider it a cure for Bright's Disease when taken in time. It ought not to be permitted to die with its aged old cover, and I am glad to see business men going to perpetuate it.

Medical works agree that Bright's Disease is a disease of the kidneys, but 87 per cent are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price \$1 for the Bright's Disease and \$1.50 for the Fulton Compound. John W. Fulton Co., 320 Montgomery St., San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

A number of men were laid off temporarily at the mines of the Weepah Gold Mining Company last week, pending the adjustment of some differences that have arisen in the negotiations for the purchase of the property by eastern parties.—Miner.

Joe McCarthy, T. Kernan, I. Holmes and M. Evans will leave shortly on a surveying trip which will last about two years. There will be ten persons in the party, which will be under the direction of Civil Engineer Joe McCarthy and Prof. Evans, and they will survey the entire course of the Truckee, Walker and Carson rivers for the purpose of locating sites for the construction of reservoirs for storing water.—News.

The Bamberger Delamar mines are being supplied with a 2000 horse power plant. The plant, which will be installed as rapidly as possible, will be one of the largest and most efficient in the west, the power will be transmitted a distance of fourteen miles, and will be made to serve every need. The new mill will be an ideal one, and by January 1st should be treating 500 tons daily, with the maximum to be reached four months later.

Articles of incorporation of the Winnemucca Publishing Co. were filed with the county clerk yesterday. The company, as set forth in the articles, is organized for the purpose of printing and publishing a public newspaper, to be known as "The Winnemucca Republican," and doing a general newspaper business. The paper is to be published in Winnemucca. The company is capitalized at 10,000, fully subscribed. The trustees named are as follows: E. Reinhart, R. T. Evans and W. E. Bonfield of Winnemucca, J. R. Harvey of Paradise, John G. Taylor of Lovelock, Charles McConnell, of McDermitt and Thomas Nelson, of Stone House.—Silver State.

ANNUAL MEETING.

The annual meeting of the stockholders of the Riverside Mill Company, of Reno, Nevada, a corporation, will be held in the office of the corporation, Washoe County Bank Building, corner Virginia and Second streets, Reno, Nevada, on

Thursday, October 9th, 1902 at 2 p. m. For the election of five Trustees to serve for the ensuing year and for the transaction of such other business as may properly come before said meeting.

C. T. BENDER, Secretary.
 Reno, Nevada, September 10, 1902.

NOTICE TO ARCHITECTS.

Plans for the new building at the State Orphans' Home previously submitted, being rejected, architects are again invited to submit plans for a building at the State Orphans' Home to the Board of Directors of said Home at Carson City, Nevada, on or before October 3rd, 1902.

The building is to be of stone, two stories in height, with a basement (the stone to be furnished by the State). Size about sixty-five (65) feet front and ninety (90) feet deep, cost not to exceed Twenty Thousand Dollars, (\$20,000.)

The basement to be excavated four (4) feet below the surface level, and extend six (6) feet above the surface level, making the said basement ten (10) feet high.

In the basement there are to be a store room, washroom, bathrooms, dressing rooms in connection with the bath rooms, waterclosets, furnace room and wood or fuel room.

The first floor to contain a dining room for one hundred children, a dining room for fourteen employees, an office, reception room, pantry, kitchen, a small storeroom, tin closet and a play room for fifty children, also a large session room.

On the second floor there are to be separate dormitories for fifty boys and fifty girls. In addition to the dormitories there are to be two bedrooms with closets, a parlor for the teachers, four rooms for the superintendent and matron with closets.

On the first floor two rooms with closets for the cooks, and on the second floor a room with closet for the gardener or laborer; two bedrooms with closets, two hospital rooms and medicine closets with two toilet rooms and two bathrooms, a storeroom for clothing, two rooms for the assistant matron and the nurse with clothes closets, and a sewing room with closets.

The person submitting the accepted plan with complete specifications for a building in accordance therewith, within ten (10) days after acceptance of plan will be paid the sum of Three Hundred Dollars (\$300) as full compensation therefor, and no compensation will be paid for any plan not accepted.

The Board reserves the right to reject any and all plans.

Address all communications relating to plans to Orvis Ring, Secretary Board of Directors, Carson City, Nevada.

Carson City, September 22, 1902.

NOTICE TO BIDDERS.

The Board of Regents will receive sealed bids for furnishing of 100 cords of good four-foot dry split wood, and 80 cords four-foot dry slab wood, to be delivered, piled and measured, on the University grounds at such places as the superintendent of grounds and buildings may direct during the months of October and November, 1902. Sealed bids to be filed with the secretary of the Board on or before 10 o'clock a. m., September 27, 1902. By order of the Board of Regents.

Board rejects the right to reject any and all bids.

JOHN H. DENNIS, Editor

THE TROUBLE ENDED LONG AGO

THE Republican papers are publishing a rehash of some remarks published nearly two years ago relative to Hon. Clarence Van Duzer. The Appeal at that time gave considerable space to a ruction which took place during the legislative session between the Speaker of the House and the State Controller. Considerable fur flew at that time but the personal quarrel ended almost as soon as it begun.

The Appeal regards the election of a Democratic Congressman from his State as paramount to any personal difference between individuals. It would be the worst possible policy for the voters of Nevada to elect a Republican Congressman, and thereby proclaim to the people of the country that we were satisfied with paying two prices for everything we consume. It would be equivalent to saying to the tariff protected trusts that we liked the way we were being robbed by them and that we hoped that they would keep it up.

It would be the greatest blunder of the decade for Nevada, after its splendid fight against the tariff ring to give up that fight at this hour and go over to the enemy.

The Appeal is for Van Duzer and in a few days Controller Davis will take the stump for him. Had it not been for the critical illness of his wife in San Francisco, he would have been in the field for him three weeks ago.—Carson Appeal.

WILL BE CORRECTED

THE Journal's argument that the intent of the law has not been carried out is sound, but it is in error in stating that the names of both Hon. Francis G. Newlands and Judge Hawley will appear on the ticket.

The Secretary of State has sent to the various County Clerks in the State certified copies of the list of nominations made by the respective party State conventions. The name of Mr. Newlands does not appear in the list of nominations.—Silver State.

The candidacy of Mr. Newlands was not filed with the Secretary of State until after that officer had sent out the tickets to the different counties to be printed. Mr. Howell, however, has or will notify all of the County Clerks to place Mr. Newlands' name on the ticket. The Democratic State Convention passed a resolution endorsing Mr. Newlands for United States Senator, but in the opinion of some it was not a regular nomination, such as is required by the law, so the Democratic State Central Committee formally nominated him—hence the delay in filing with the Secretary of State.

CUSHMAN'S "CLASSICS"

THE Carson News favors its readers with a half-column of excerpts from a recent speech by Representative Cushman of Washington, in which the gentleman of postage stamp proportions bitterly arraigns the Democratic party. The News pronounces the speech a "classic."

A considerable portion of Mr. Cushman's effort consisted of a vigorous flaunting of the "bloody shirt." Inasmuch as that gentleman was scarcely born when the civil war ended, it seems just a little singular that he should still be fighting its battles—especially as thousands upon thousands of those who constituted the Union army and did some fighting when the war was on, are now in the ranks of the Democratic party.

There has, in fact, been a very general re-alignment of parties since that great conflict passed into history. There probably are not a million men living who ever cast a ballot for Abraham Lincoln, and of those living who did, many are now opposed to the policy of the Republican party. Mr. Cushman's speech may have been a "classic" in its diction, but as an argument it was about as effective as some of the News' own efforts in that line.

Mr. Cushman also links free trade and free coinage together, condemns them both in the severest manner, and the News publishes his cutting, although superficial epigram, against free coinage, apparently unconscious that this portion of Mr. Cushman's "argumnet" is a bitter denunciation of Nevada Republicanism, as it was supposed to be until quite a recent date. If this "classical" gentleman is right, then the Republican platforms of Nevada in 1892-4 and even 1896 were all wrong. Does the News endorse this part of the speech which it parades as a "classic?" If it does, it simply condemns the whole course of its own party right up to the year 1896.

Speaking of "classics" we are reminded that this same Cushman delivered a somewhat famous one during the last session of Congress. In that speech he made a vitriolic attack upon the Republican leadership of the House of Representatives. Our

Carson contemporary may remember that the sarcastic Washingtonian declared it to be an awful piece of extravagance for any man to go to Chase's Opera House and pay fifty cents to witness a liliup-tian performance, when he could come for nothing and look in upon the House of Representatives under the leadership of Henderson, Payne, Grosvenor and Dalzell. It may not have entirely escaped the recollection of the News that Mr. Cushman also asserted that he could prove any political proposition on earth by the speeches of General Grosvenor, who for years posed as the mouthpiece of President McKinley.

As the News is an eminently "fair" journal, it will at once admit that the great Cushman must be fully as good authority when discussing the present leadership of the Republican party, as he is when commenting upon war which was fought before he was born, or when talking about an abstruse economic question, which he probably never actually studied an hour in his life.

Therefore, we rather take it for granted that Carson's journalistic exponent of pure Republicanism, in its anxiety to treat its readers with perfect frankness, as well as to feed them bountifully on political "classics," will publish a half-column of extracts from Cushman's speech which made the Republican leaders of the House fairly frantic with rage, but which brought round after round of cheers from the Democratic side.

By all means give us more of Cushman—lots of him.

JOHN RANDOLPH designated the political alliance between John Adams and Henry Clay as a covenant between the puritan and blackleg. If the great Virginian was living in Nevada today, we wonder how he would define the fusion between the Tonopah labor union and the Republicans of Nye county. Politics sometimes make strange bed-fellows, but we question if the history of political alliances furnishes an instance of such an unnatural combination as has been effected in Nye.

Nevada Mining News via Salt Lake

Manuel Hirsch of New York leaves for Tonopah, Nev., this morning to make a study of that most remarkable camp before seeking his home in the East.

The producers of Tonopah, Nev., reported at the American's plants with six cars of high-grade silver and gold ore during the day.

The day's receipts at the Taylor & Brunton sampler consisted of a carload of ore from Alta, one from Idaho and one from Nevada.

The receipts at the valley smelters from Tonopah, Nev., yesterday consisted of a single carload of ore.

Simon Bamberger has gone to De Lamar, Nev., accompanied by S. T. Godbe, and will absent himself several days.

Still Another Recommendation

Pocatello, Idaho, Aug. 9th, 1902.

I take pleasure in stating that the Beaty Bros. exhibited their Galveston Cyclone Show at Pocatello tonight to an audience that filled the auditorium, who were more than delighted with every feature of the presentation.

Personally I am able to say that their entertainment was the best of its kind that has ever been given in Pocatello. In addition I have found Beaty Bros. first-class men to do business with and fully worthy of the confidence of managers and people, because they do just what they promise.

POSITIONS UNFILLED

Atkinson's Business College, of Sacramento, had thirty-six applications during August and September for their graduates to act as bookkeepers and stenographers. They could fill only five. The Nevada Business Institute, in the Eureka block, Reno, is a branch of that school and shares its advantages for placing its students in good positions. If you were prepared you might have had one of these positions. The demand always far exceeds the supply. Let us prepare you now. O214

Shareholders will Divide Large Sum

The shareholders of the April Fool Mining Company, whose mines and mill at Delamar, Nev., were several months ago absorbed by Bamberger's De Lamar Mines Company, were yesterday invited by A. W. Mountney, acting secretary, to step up to the paymaster's window and participate in a distribution amounting to no less than \$200,000, or 40 cents a share—this the proceeds of the sale to the amalgamated company, says the Tribune.

In addressing the notice to the shareholders who were or record when the transfer of the April Fool was decided on, the acting secretary admonishes the shareholder part to procure his portion of the moneys it will be necessary to appear with his certificate of stock, the payment to be endorsed thereon, and after which the certificate will be returned to the holder. In other words, the purchasing company it, in the distribution, paying for the real property acquired under the deal and not the paper based upon it, the April Fool retaining its charter, and under it continuing business as it may elect.

A POPULAR IDEA

The Clean Towel idea is getting popular. "Don't see how you do it." "Needn't canvass me, it's all right." "Used it in Frisco; missed it since I have been here." THE MINING REVIVAL

Something About the Recent Progress in Nevada

Never before was there so much general activity in the mining districts of Nevada as now. New finds are continually being reported from mineral districts in all quarters of the State and reports of the bonding, purchasing and development of new properties come in constantly increasing numbers. There is a greater influx of mining capitalists, experts and prospectors than ever before.

That a considerable portion of this new interest and activity is due to the Pacific Coast Miner, which during the last few months has published and widely circulated through the United States a series of extended descriptive accounts of the mines and undeveloped mineral resources of that State, is cordially recognized by the intelligent mining people of Nevada. Through no other agency has mineral Nevada gained a title of the attention of the mining world that has been gained during the current year through the columns of this journal. The press is the great agent of publicity for the mining industry as well as for the rest of the world. The most readily noticeable evidence of the mining revival of this State is afforded by the columns of the daily and weekly papers of the commonwealth, which are giving more attention to mining affairs and exhibiting a more hopeful and confident spirit than for many years. This spirit is given expression in a recent number of the Carson Appeal as follows:

"During the past eighteen months the mining revival in this State has more than surpassed the predictions of the people who have lived here for the last quarter of a century. When silver went glimmering, and mining, for almost ceased, a general quiet in that line followed, which for many years had the people in every quarter to believe that the State had turned toward the grain fields and cattle, and that there was no use digging for the precious metals.

"About the first move that awakened the people was the discovery of Tonopah, and in suite of the fact that most of her values are in the white metal, yet eastern people have come in and have millions of money invested in the properties. When this came became a fact, and not a rumor, additional finds were made in nearly every quarter of the State, and in nearly every instance eastern people have invested large capital. There is not a county in the State where some revival has not been made, and while it has not resulted profitably in all cases, yet enough has been demonstrated to show that Nevada possesses more metal to the square miles than any State in the Union.

"A fact that seems to be overlooked is the gold and silver production that goes on daily on the Comstock. With all the flurry of many of the new camps, the old lode leads them in production. Take the weekly shipment of bullion from there and it will surprise many who forget that Virginia City is still in the mining business. Another thing is that her payroll today is more than any other camp in the State, and that the town lives on the result of the mines and the wages paid.

"Near at hand is Silver City, one of the best poor man's camp on earth. Dozens of men are making livings at this point, and while the news of fabulous strikes do not reach the world, yet many of the richest bodies of ore in the State are in the hands of the people. In the recent some of the gold specimens taken out would set the average mining camp booming. The one redeeming feature of Silver City is the fact that it is gold.

"In Lyon county some new and important strikes have been made, while in Douglas county, a few miles south of here, some of the richest gold specimens in the world have been taken out. The cleanup of the Wedekind in Reno will surprise the mining world when it is made. The mining revival has come to stay and Nevada is many million dollars better off today than she was eighteen months ago."

TELEGRAPHIC NEWS BREVITIES

Sensational testimony is being introduced in the trial of the St. Louis hoodlums.

On invitation of President Roosevelt a number of railway presidents will meet with him today to discuss the strike situation.

The Bank of England has increased its rate of discount to 4 per cent on account of the stringency of the money market and the depletion of gold.

Twenty-five hundred miners have gone on strike in Alabama.

CRUSHED TO DEATH

Body of a man torn limb from limb last Evening

After a cattle train had passed west last evening about 8:30 the mangled remains of a man were found lying on track No. 1, opposite the N-C-O office. Both legs and both hands were severed from his body and he had received innumerable bruises. Death was instantaneous.

Examination of his pockets showed a poll tax receipt issued at Stockton, Cal., in June of this year. It bore the name of L. H. Walters. The deceased was of a little more than medium height and had a blonde and partly grey moustache. He wore a dark coat and dark overalls.

A Journal representative made inquiries about the town last night and discovered that Walters had been here for some time. He was addicted to drink and frequented the gambling tables. One informant stated that he was a victim of narcotics.

The body had been dragged by the train some fifty feet, as evidenced by the blood stains on the ties and the strands of flesh adhering to the rails. A shin bone was picked up that was stripped as clean of flesh as though it had been cut off with a knife. The position of the body and the nature of the mutilations evidenced that the man had been lying across the track with his hands on the north rail and his legs on the south rail. A pint bottle of whisky nearly empty, that lay beside him, probably explains his death.

Will Employ Thousands

J. A. Denton of Caliente, while in Reno a day or two ago, stated that the Clark railway people would have six thousand men at work in Lincoln county by the middle of November. In that section of the State construction work would progress much more rapidly and easily in winter than in summer because of the climatic conditions and the better supply of water. According to Mr. Denton the Clark Road now looks like a sure go.

AETNA MINERAL WATER

(Bottled at Aetna Springs, Napa Co. Cal.)

There are so many kinds of mineral waters on the market, and all claiming to possess healthful properties, that it is difficult for a person to make a choice.

When we consider, however, that AETNA has stood in the front rank for years, has been a favorite in households as well as public resorts, and has been recommended by eminent physicians, who use it themselves and prescribe it for patients, there should be no question in the matter of selection.
